Frontend Developer specializing in React.js, Next.js, Vue.js, and modern UI technologies. Experienced in building responsive, performance-optimized web applications and converting Figma designs into pixel-perfect interfaces. Focused on clean architecture, SEO-friendly development, and delivering high-quality user experiences.

SKILLS

Core:

HTML, CSS, JavaScript

Frameworks:

React.js, Next.js, Vue.js, Nuxt.js

Styling:

Tailwind CSS, SCSS, Bootstrap

Tools & Others:

Git, GitHub, REST APIs, Figma, SEO Optimization, Responsive Design, Cross-Browser Compatibility

EXPERIENCE

Freelance Frontend Developer | Apr 2025 – Present

- Delivered 5+ production-level web applications using React.js, Next.js, and Vue/Nuxt
- Built reusable, scalable UI components using Tailwind CSS and modern UI libraries
- Translated Figma designs into pixel-perfect, responsive interfaces
- Improved website performance and SEO, increasing Lighthouse score from 65 to 95+ and reducing page load time by 50% to 60% through semantic HTML, meta tags, and optimization techniques.

Software Developer

IOCOD Infotech, Kozhikode | Jun 2022 – Jan 2025

- Developed high-performance web applications using Vue 3 and Next.js
- Built reusable components for scalable and maintainable frontend architecture
- Collaborated with cross-functional teams to deliver features aligned with product and business goals
- Led development of company websites with SEO optimization and performance improvements
- Contributed to UI/UX discussions to improve usability and design consistency
- Worked in agile teams using Git for version control and collaboration

Key Projects at iocod

Easify (Nuxt.js) | SaaS or Business Management Platform | <https://easify.app/>

- Developed responsive and high-performance UI using Nuxt.js and Tailwind CSS
- Integrated REST APIs to manage dynamic data and application workflows
- Implemented calendar-based features for scheduling and user interactions
- Improved SEO and performance using semantic HTML, meta tags, and optimization techniques

Merchant Marketplace (Vue / Nuxt) | E-commerce / Marketplace Platform | <https://merchantmarketplace.com/>

- Built scalable frontend components using Vue.js and Nuxt.js
- Implemented authentication workflows (login, session handling, protected routes)
- Integrated REST APIs to handle user data and application functionality
- Delivered pixel-perfect UI from Figma with responsive design

UI/UX Designer & Frontend Developer

Optimist Tech Hub, Kozhikode | Sep 2021 – Jan 2022

- Designed responsive user interfaces for web and mobile applications using Figma and Adobe XD
 - Created wireframes and prototypes to define user flows and visual structure
 - Converted design prototypes into pixel-perfect, functional UI using HTML, CSS, SCSS, Bootstrap, and JavaScript
 - Ensured consistency between design and development across devices and screen sizes
-

PROJECTS

Nomik Legal (Next.js) | Legal Consultation Platform | <https://nomiklegal.com/>

- Developed responsive frontend for a legal consultation platform using Next.js
- Implemented Web3-based forms for secure client data handling
- Integrated SEO best practices including meta tags, Open Graph, sitemap, and robots.txt
- Optimized performance and improved page load speed and search visibility

EZA Corporate (Nuxt 3) | Corporate Service Website | <https://ezacorporate.com/>

- Designed and developed the complete website using Nuxt 3 and Tailwind CSS
- Created UI/UX prototypes in Figma and translated them into pixel-perfect interfaces
- Used component-based architecture with modern UI libraries
- Implemented SEO best practices to improve ranking and user experience

Other Projects

CI Tech | Corporate Technology Website | <https://citech.my/>

AI Amengaz | Business or Service Website | <https://alamengaz.com/>

Creative Portfolio Website | <https://adharshsanthosh.netlify.app/>

- Developed responsive web interfaces using modern frontend technologies
 - Built reusable UI components and ensured cross-browser compatibility
 - Focused on performance optimization and consistent user experience across devices
-

EDUCATION

B.Tech in Computer Science and Engineering (2017 – 2021)

MDIT Engineering College, Ulliyeri, Kozhikode
